Teens N' Transition (TNT): 20 minute feature film uses the real life experiences of college students to inform and empower students on matters of safety and social responsibility on and off campus.

Identify the Risk: An expansion of the TNT program, this presentation informs parents and college students about risks and safety issues that their student could face at college.

Lindsey M. Bonistall Research Fellowship: Used to conduct research related to on and off campus safety, we hope to facilitate a wider understanding of the social and academc impacts of violence and to inform and support prevention practices within college communities.
